BE IT ORDAINED by the Sangguniang Bayan of Bulalacao, Oriental Mindoro:

SECTION 1. The Community-Based Monitoring System (CBMS) as developed by the CBMS-PEP Network Team, seeks to address the existing gaps in the statistical system by providing household-level information. Databanks are established at each geopolitical level, thereby facilitating the use of the data at the barangay, municipal/city, provincial, regional and national levels. More than just a data collection system, it seeks to integrate the use of data in local level planning and program implementation. The CBMS is a tool to support the decentralization process by providing the LGUs system to improve local governance. It builds the capacities of LGUs to develop policies and programs that meet the needs of the people.

SEC. 2. In consideration of the above-cited program, the Municipal Mayor, Engr. Emilo C. Villas is hereby authorized to enter into a Memorandum of Agreement with the Provincial Government represented by Governor Arnan C. Panaligan for the establishment of a common data base management system that will facilitate generation, processing and use of reliable data for development planning and decision-making purposes.

SEC. 3. This Special Ordinance shall take effect immediately.
